imagine

can you imagine
what you can do with
EPSON colour?

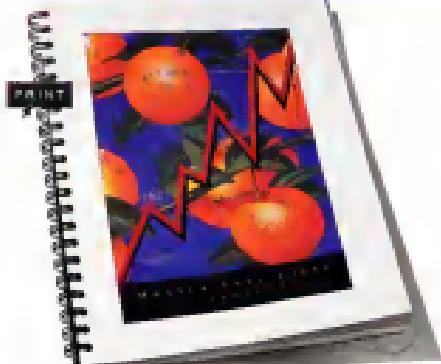

EPSON COLOUR INK

JET PRINTERS. *Imagine being able to see that toothless-chewing child* drawing. *Imagine being able to colour* *the kind of colour* *you can get* *with* *EPSON* *Colour*.

that will make people stop what they're doing and look at what you just did.

Imagine EPSON Stylus Color. You stop imagining and call 1-800-247-EPSON or visit our web site at <http://www.epson.com>. And give your imagination something to play with.

The inspiration of a really cool drawing, one of the EPSON Stylus printers, 120 x 120 dpi resolution of Photo Quality colour, a dash of imagination, and one image of one. (Imagine is a trademark of EPSON America, Inc.)

YOU'VE GOT TO SEE IT IN **EPSON** COLOUR.
